

Service relocation

The services relocation program undertaken as part of the T2T Project included the installation of:

- 13,200 metres of high voltage cable
- 3,500 metres of water mains
- 3,400 metres of sewer mains
- 3,000 metres of storm water infrastructure
- 42 km cable
- 45 km optic fibre cable
- 108,000 connections
