

North-South Corridor

Northern Connector Project

December 2017

Port Wakefield Road, Waterloo Corner – reduced speed

As part of the Northern Connector Project the Department of Planning, Transport and Infrastructure (DPTI) advises that the speed restriction currently in place on Port Wakefield Road, in the vicinity of Waterloo Corner will be extended from St Kilda Road to Symes Road, northbound traffic only.

Speed will be reduced from 90km/h to 70km/h to safely accommodate works for the Northern Interchange (refer to map).

The extended speed restriction will be in place continuously from **Tuesday 12 December 2017** until the completion of the Northern Interchange, scheduled for late 2019.

Further speed restrictions may be required subject to on site conditions.

Thank you for your patience while these important works are undertaken.
